

FINANCIAL

TownSuite Financial is a true fund accounting system that is designed to handle the specific financial management needs of municipal governments, and the various services that are often under their control including property assessments, utility billing, building permits, payroll, and purchase orders.

Financial combines urban functionality and rural practicality – here is a sampling of the specialized features that give you complete control:

- Integrated accounting modules mean you are always up to date.
- Municipal Roll, property assessments, flexible processing of property taxes and other charges.
- Metered and non-metered utilities, including gas, electricity, water sewer.
- Create and manage Budgets, and related reports.
- Specialized tools including “Pay the Bills,” Cheque Writer, and Receipt Writer.
- Role-based security enables you to restrict system access by job function, right down to specific dialogue screens.
- Fast and flexible reporting, transactions, inquiries and lookups.
- Support PSAB accounting and reporting requirements.
- Complete audit trail.

Stop Searching

Uncomplicate document management by using built-in tools to attach any electronic file to customer, property or meter accounts, AP invoices and more.

Client Driven

You talk... we listen... your input drives our software development and improvement,... so keep talking.

Made To Work Together
