

# FIRE HALL

TownSuite Fire Hall provides municipal governments with a means to effectively manage fire department operations, including: fire inspections, dispatch, incident management, staff, apparatus and equipment.

## Inspections

Manage your fire inspection process easily. Ensure compliancy by tracking all violations until resolved. Automatic scheduling of building inspections prevents missed inspections.

## Incidences

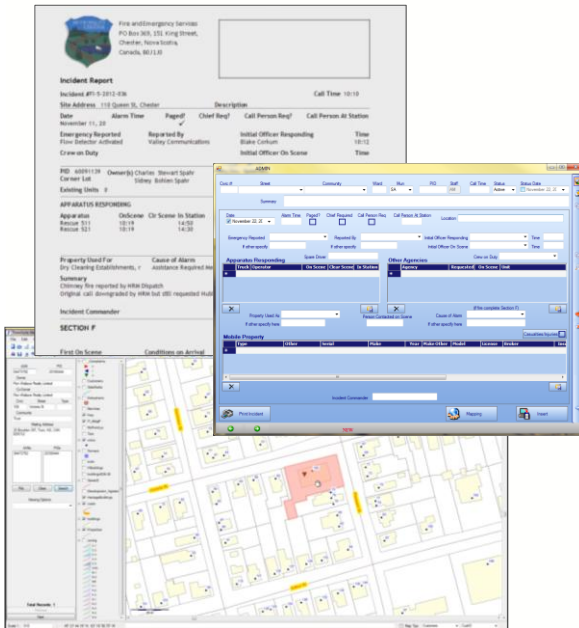

Fast and flexible incident reporting helps ensure your municipality does not miss out on any valuable rebate opportunities.

## Staff

Record the hours, status, rank, training and certification of all volunteer and career personnel.

## Apparatus & Equipment

Manage all fire hall equipment and apparatus by tracking usage, maintenance scheduling, purchase info, replacement info and more.

## Stop Searching

Uncomplicate document management by using built-in tools to attach any electronic file to fire incident or inspections reports – building floor plans, compliance letters and more.

## Be Better Prepared

Linked to a centralized up-to-date municipal map, Fire Hall provides critical information, enabling personnel to be better prepared to respond in an emergency.

## Made To Work Together

TownSuite Municipal Software products are designed to work together as an intelligent ERP solution made just for you.
